<b>Overall Total</b>				

Our logo will be done via **Direct-to-Film Printing** (DTF printing) in white. *Direct-to-film* (DTF) printing is a heat-transfer based print process. The process begins by printing designs onto a transfer film, which is then covered with a thermo-adhesive powder and transferred with a heat press to the final substrate, making it last longer than 'normal' screen printing.

### **Ordering Instructions:**

Please:

- complete ALL personal detail at the beginning of the form
- indicate in the table above your desired item, size and quantity
- add up your order and complete the 'Overall Total' section
